### SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), about UiPath, Inc. and its consolidated subsidiaries ("UiPath," the "Company," "we," "us," or "our") and our industry that involve substantial risks and uncertainties. All statements other than statements of historical fact contained in this Quarterly Report on Form 10-Q, including statements regarding our future results of operations or financial condition, business strategy, and plans and objectives of management for future operations, are forward-looking statements. In some cases, forward-looking statements can be identified because they contain words such as "anticipate," "believe," "contemplate," "continue," "could," "estimate," "expect," "intend," "may," "plan," "possible," "potential," "predict," "project," "should," "target," "will," or "would," or the negative of these words or other similar terms or expressions. These forward-looking statements include, but are not limited to, statements concerning the following:

- · our expectations regarding our revenue, annualized renewal run-rate ("ARR"), expenses, and other operating results;
- · our ability to effectively manage our growth and achieve or sustain profitability;
- our ability to acquire new customers and successfully retain existing customers;
- · the ability of the UiPath Business Automation Platform to satisfy and adapt to customer demands and our ability to increase its adoption;
- · our ability to grow our platform and release new functionality in a timely manner;
- future investments in our business, our anticipated capital expenditures, and our estimates regarding our capital requirements;
- the costs and success of our marketing efforts and our ability to evolve and enhance our brand;
- our growth strategies;
- the estimated addressable market opportunity for our platform and for automation in general;
- our reliance on key personnel and our ability to attract, integrate, and retain highly-qualified personnel and execute management transitions, including our CEO transition;
- · our ability to obtain, maintain, and enforce our intellectual property rights and any costs associated therewith;
- the effect of significant events with macroeconomic impacts, including but not limited to military conflicts and other changes in geopolitical relationships and inflationary cost trends, on our business, industry, and the global economy;
- our reliance on third-party providers of cloud-based infrastructure;
- · our ability to compete effectively with existing competitors and new market entrants, including new, potentially disruptive technologies;
- the size and growth rates of the markets in which we compete; and
- the price volatility of our Class A common stock.

These forward-looking statements should not be unduly relied upon or regarded as predictions of future events. The forward-looking statements contained in this Quarterly Report on Form 10-Q are based on our current expectations and projections about future events and trends that we believe may affect our business, financial condition, and operating results. The outcome of the events described in these forward-looking statements is subject to risks, uncertainties, and other factors described in the section titled "Risk Factors" and elsewhere in this Quarterly Report on Form 10-Q, and in the section titled "Risk Factors" and elsewhere in our Annual Report on Form 10-K for the fiscal year ended January 31, 2024 filed with the Securities and Exchange Commission ("SEC") on March 27, 2024 (the "2024 Form 10-K"). Moreover, we operate in a very competitive and rapidly changing environment. New risks and uncertainties emerge from time to time, and it is not possible for us to predict all risks and uncertainties that could have an impact on the forward-looking statements contained in this Quarterly Report on Form 10-Q. The results, events, and circumstances reflected in the forward-looking statements may not be achieved or occur, and actual results, events, or circumstances could differ materially from those described in the forward-looking statements.

In addition, statements that "we believe," and similar statements reflect our beliefs and opinions on the relevant subject, based on information available to us as of the date of this Quarterly Report on Form 10-Q. While we believe such information provides a reasonable basis for these statements, that information may be limited or incomplete. Our statements should not be read to indicate that we have conducted an exhaustive inquiry into, or review of, all relevant information. Such statements are inherently uncertain, and investors are cautioned not to unduly rely on these statements.

The forward-looking statements made in this Quarterly Report on Form 10-Q relate only to events as of the date on which the statements are made. We undertake no obligation to update any forward-looking statements made in this Quarterly Report on Form 10-Q to reflect events or circumstances after the date of this Quarterly Report on Form 10-Q or to reflect new information or the occurrence of unanticipated events, except as required by law. Our forward-looking statements do not reflect the potential impact of any future acquisitions, mergers, dispositions, joint ventures, or investments.

### 1. Organization and Description of Business

### Description of Business

UiPath, Inc. (the "Company," "we," "us," or "our") was incorporated in Delaware in June 2015 and is headquartered in New York, New York. Our Alpowered UiPath Business Automation Platform offers a robust set of capabilities that allows our customers to discover opportunities for automation, automate using a digital workforce that seamlessly collaborates with humans, and operate a mission critical automation program at scale.

### 2. Summary of Significant Accounting Policies

Our significant accounting policies are discussed in greater scope and detail in Note 2, Summary of Significant Accounting Policies, in the notes to consolidated financial statements included in the 2024 Form 10-K. There have been no significant changes to such policies during the three months ended April 30, 2024.

### Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and applicable regulations of the SEC regarding interim financial reporting. As permitted under those rules, certain footnotes or other financial information that are normally required by U.S. GAAP may be condensed or omitted. The accompanying unaudited condensed consolidated financial statements and related financial information should be read in conjunction with the audited consolidated financial statements and the accompanying notes thereto for the fiscal year ended January 31, 2024, which are included in the 2024 Form 10-K.

The unaudited condensed consolidated financial statements have been prepared on the same basis as our audited consolidated financial statements and, in the opinion of management, reflect all adjustments, consisting only of normal recurring adjustments, that are necessary for the fair presentation of our financial information. The unaudited condensed consolidated financial statements include the financial statements of UiPath, Inc. and its subsidiaries in which we hold a controlling financial interest. Intercompany transactions and accounts have been eliminated in consolidation.

The results of operations for the three months ended April 30, 2024 are not necessarily indicative of the results to be expected for the fiscal year ending January 31, 2025 or for any other future interim or annual period.

#### Fiscal Year

Our fiscal year ends on January 31. References to fiscal year 2025, for example, refer to the fiscal year ending January 31, 2025.

### Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts of assets and liabilities at the balance sheet date and the amounts of revenue and expenses reported during the period. We evaluate estimates based on historical and anticipated results, trends, and various other assumptions. Such estimates include, but are not limited to, certain aspects of revenue recognition, expected period of benefit for deferred contract acquisition costs, allowance for credit losses, fair value of financial assets and liabilities, is fair value of acquired assets and assumed liabilities, useful lives of long-lived assets, capitalized software development costs, carrying value of operating lease right-of-use ("ROU") assets and operating lease liabilities, incremental borrowing rates for operating leases, amount of stock-based compensation expense, timing and amount of contingencies, costs related to our restructuring actions, uncertain tax positions, and valuation allowance for deferred income taxes. Actual results could differ from these estimates and assumptions.

### Foreign Currency

The functional currency of our non-U.S. subsidiaries is the local currency. Asset and liability balances denominated in non-U.S. dollar currencies are translated into U.S. dollars using period-end exchange rates, while revenue and expenses are translated using average monthly exchange rates. Differences are included in stockholders' equity as a component of accumulated other comprehensive income. Financial assets and liabilities denominated in currencies other than the functional currency are recorded at the exchange rate at the time of the transaction and subsequent gains and losses related to changes in the foreign currency are included in other income (expense), net in the condensed consolidated statements of operations. For the three months ended April 30, 2024 and 2023, we recognized foreign currency transaction gains (losses) of \$2.8 million and \$(0.8) million, respectively.

### Concentration of Risks

Financial instruments that potentially subject us to significant concentrations of credit risk consist principally of cash and cash equivalents, marketable securities, and accounts receivable.

We maintain our cash balance at financial institutions that management believes are high-credit, quality financial institutions, where our deposits, at times, exceed Federal Deposit Insurance Corporation ("FDIC") limits. As of April 30, 2024 and January 31, 2024, 95% and 91%, respectively, of our cash and cash equivalents were concentrated in the U.S., European Union ("EU") countries, and Japan.

The selection of investments in marketable securities is governed by our investment policy. The policy aims to emphasize principles of safety and liquidity, with the overall objective of earning an attractive rate of return while limiting exposure to risk of loss and avoiding inappropriate concentrations. We use this policy to guide our investment decisions as it stipulates, among other things, a list of eligible investment types, minimum ratings and other restrictions for each type, and overall portfolio composition constraints.

With regard to accounts receivable, we extend differing levels of credit to customers based on creditworthiness, do not require collateral deposits, and when necessary maintain reserves for potential credit losses based upon the expected collectability of accounts receivable. We manage credit risk related to our customers by performing periodic evaluations of creditworthiness and applying other credit risk monitoring procedures. Significant customers are those that represent 10% or more of our total revenue for the period or accounts receivable at the balance sheet date. For the three months ended April 30, 2024 and 2023, no single customer accounted for 10% or more of our total revenue. As of April 30, 2024 and January 31, 2024, no single customer accounted for 10% or more of our accounts receivable.

### Recently Issued Accounting Pronouncements

In November 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures. ASU No. 2023-07 is intended to improve reportable segments disclosures requirements, primarily through enhanced disclosures about significant segment expenses. ASU No. 2023-07 will be effective for us for annual periods beginning after December 15, 2023 and for interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. We are currently evaluating the impact of this pronouncement on our condensed consolidated financial statements.

In December 2023, the FASB issued ASU No. 2023-09. Income Taxes (Topic 740): Improvements to Income Tax Disclosures . ASU No. 2023-09 will require additional tax disclosures, predominantly related to the effective income tax rate reconciliation and income taxes paid. ASU No. 2023-09 will be effective for us for annual periods beginning after December 15, 2024. Early adoption is permitted. We are currently evaluating the impact of this pronouncement on our condensed consolidated financial statements.

### 3. Revenue Recognition

### Disaggregation of Revenue

The following tables summarize revenue by geographical region (dollars in thousands):

	104,627 31% 96,931 33%						
		2024		2023			
	Amount	Percentage of Revenue	Amount	Percentage of Revenue			
Americas <sup>(1)</sup> \$	153,111	46 %\$	123,452	43 %			
Europe, Middle East, and Africa	104,627	31%	96,931	33 %			
Asia-Pacific (2)	77,374	23 %	69,205	24 %			
Total revenue \$	335,112	100 %\$	289,588	100 %			

- Revenue from the U.S. represented 42% and 38% of our total revenues for the three months ended April 30, 2024 and 2023, respectively.
- Revenue from Japan represented 13% and 13% of our total revenues for the three months ended April 30, 2024 and 2023, respectively.

### **Deferred Revenue**

During the three months ended April 30, 2024 and 2023, we recognized \$ 182.3 million and \$150.6 million of revenue that was included in the deferred revenue balance as of January 31, 2024 and 2023, respectively.

### Remaining Performance Obligations

Our remaining performance obligations are comprised of licenses, subscription services, and professional services and other revenue not yet delivered. As of April 30, 2024, the aggregate amount of the transaction price allocated to remaining performance obligations was \$1,100.6 million, which consists of \$616.2 million of billed consideration and \$484.4 million of unbilled consideration. We expect to recognize 62% of our remaining performance obligations as revenue over the next 12 months, and the remainder thereafter.

### **Deferred Contract Acquisition Costs**

Our deferred contract acquisition costs are comprised of sales commissions that represent incremental costs to obtain customer contracts, and are determined based on sales compensation plans. Amortization of deferred contract acquisition costs was \$18.5 million and \$14.1 million for the three months ended April 30, 2024 and 2023, respectively, and is recorded in sales and marketing expense in the condensed consolidated statements of operations.

### 4. Marketable Securities

Corporate bonds	1,993	_	(2)	1,991
Agency bonds	174,990	_	(28)	174,962
Total marketable securities	\$ 818,246	\$ 29	\$ (130)	\$ 818,145

As of April 30, 2024 and January 31, 2024, \$ 1.0 million and none, respectively, of our marketable securities had remaining contractual maturities of one year or more.

As of April 30, 2024 and January 31, 2024, \$ 3.1 million and \$3.3 million, respectively, of interest receivable was included in prepaid expenses and other current assets on the condensed consolidated balance sheets. We did not recognize an allowance for credit losses against interest receivable as of April 30, 2024 and January 31, 2024.

Unrealized losses during the periods presented are a result of changes in market conditions. We do not believe that any unrealized losses are attributable to credit-related factors based on our evaluation of available evidence. To determine whether a decline in value is related to credit loss, we evaluate, among other factors, the extent to which the fair value is less than the amortized cost basis and any adverse conditions specifically related to an issuer of a security or its industry.

### 5. Fair Value Measurement

The following tables present the fair value hierarchy of our financial assets measured at fair value on a recurring basis as of April 30, 2024 and January 31, 2024 (in thousands):

	As of April 30, 2024							
		Level 1		Level 2		Total

Total	\$	1,325,207	\$	1,991	\$	1,327,198		

Our money market funds, treasury bills and U.S. government securities, and agency bonds are classified within Level 1 of the fair value hierarchy because they are valued based on quoted market prices in active markets. We classify commercial paper and corporate bonds as Level 2 because they are valued using inputs other than quoted prices which are directly or indirectly observable in the market, including readily-available pricing sources for

the identical underlying security which may not be actively traded. None of our financial instruments were classified in the Level 3 category as of April 30, 2024 or January 31, 2024.

### 6. Intangible Assets and Goodwill

### Intangible Assets, Net

Acquired intangible assets, net consisted of the following as of April 30, 2024 (dollars in thousands):

# 7. Operating Leases

Our operating leases consist of real estate and vehicles and have remaining lease terms of one year to 14 years. For purposes of calculating operating lease liabilities, lease terms may be deemed to include options to extend the lease when it is reasonably certain that we will exercise those options. Our operating lease arrangements do not contain any material restrictive covenants or residual value guarantees.

Lease costs are presented below (in thousands):

	Three Month	Three Months Ended April 30,

### 9. Commitments and Contingencies

### Letters of Credit

We had a total of \$2.8 million and \$2.6 million in letters of credit outstanding in favor of certain landlords for office space as of April 30, 2024 and January 31, 2024, respectively. These letters of credit renew annually and expire on various dates through fiscal year 2026.

### Indemnification

In the ordinary course of business, we may provide indemnification of varying scope and terms to customers, vendors, directors, and officers with respect to certain matters, including, but not limited to, losses arising out of our breach of such agreements, services to be provided by us, or from intellectual property infringement claims made by third parties.

These indemnification provisions may survive termination of the underlying agreement and the potential amount of future payments we could be required to make under these indemnification provisions may not be subject to maximum loss clauses. The maximum potential amount of future payments we could be required to make under these indemnification provisions is indeterminable. As of April 30, 2024 and January 31, 2024, we have not accrued a liability for these indemnification arrangements because the likelihood of incurring a payment obligation, if any, in connection with these indemnification arrangements was remote.

### **Defined Contribution Plans**

We sponsor retirement plans for qualifying employees, including a 401(k) plan in the U.S. and defined contribution plans in certain other countries, to which we make matching contributions. Our total matching contributions to all defined contribution plans was \$ 6.2 million and \$5.6 million for the three months ended April 30, 2024 and 2023, respectively.

### Litigation

From time to time, we may be involved in lawsuits, claims, investigations, and proceedings, consisting of intellectual property, commercial, employment, and other matters which arise in the ordinary course of business. In accordance with ASC 450, Contingencies, we make a provision for a liability when it is both probable that a liability has been incurred and the amount of the loss can be reasonably estimated.

UiPath and certain of its officers are currently parties to the following litigation matters:

(unaudited)

On September 6, 2023, a putative class action lawsuit was filed in the United States District Court for the Southern District of New York against UiPath, then Co-CEO Daniel Dines, and CFO Ashim Gupta, captioned *In re UiPath, Inc. Securities Litigation* (the "Securities Action"). The initial complaint asserted claims under Sections 10(b) and 20(a) of the Exchange Act, and alleged that defendants made material misstatements and omissions, including regarding UiPath's competitive position and its financial results. On January 26, 2024, the lead plaintiff in the Securities Action filed an amended complaint, and on March 26, 2024, filed a further amended complaint, which alleges Securities Act claims under Sections 11 and 15 as well as Exchange Act claims under Section 10(b), Rule 10b-5, and Section 20(a). In support of the Securities Act claims, the plaintiff alleges material misstatements and omissions in UiPath's April 2021 Registration Statement, including regarding UiPath's competitive position and its financial results. The operative complaint is purportedly brought on behalf of a putative class of persons who purchased or otherwise acquired UiPath common stock between April 21, 2021 and September 27, 2022. It seeks unspecified monetary damages, costs and attorneys' fees, and other unspecified relief as the Court deems appropriate. Defendants moved to dismiss the second amended complaint on April 23, 2024. Plaintiffs filed their opposition to defendants' motion to dismiss on May 21, 2024.

On November 30, 2023, a purported shareholder derivative lawsuit was filed in the United States District Court for the Eastern District of New York against UiPath, as nominal defendant, and then Co-CEO Daniel Dines, CFO Ashim Gupta, and several of UiPath's current and former directors. The case is captioned *Polilingua Limited v. Daniel Dines, et al*. The lawsuit alleges that the individual defendants breached their fiduciary duties and committed other alleged misconduct in connection with the statements at issue in the Securities Action and by causing UiPath to repurchase shares at allegedly inflated prices. The plaintiff seeks unspecified damages and/or restitution on behalf of UiPath, as well as costs and attorneys' fees and certain changes to UiPath's corporate governance and internal controls. Similar cases were filed in the District of Delaware and in the Southern District of New York (together with *Polilingua Limited v. Daniel Dines, et al,* the "Derivative Litigations"). The Derivative Litigations are at an early stage; in each case the matter has been stayed, pending the outcome of the Court's decision on the defendants' motion to dismiss the Securities Action.

We have not recorded any accrual related to the aforementioned litigation matters as of April 30, 2024, as we believe a loss in these matters is neither probable nor estimable at this time.

### Warranty

We warrant to customers that our platform will operate substantially in accordance with its specifications. Historically, no significant costs have been incurred related to product warranties. Based on such historical experience, the probability of incurring such costs in the future is deemed remote. As such, no accruals for product warranty costs have been made.

### Other Matters

Our indirect tax positions are subject to audit in multiple jurisdictions globally, with a key focus on our largest operational territories, including the U.S., Romania, India, and the U.K. Our Romanian subsidiary was subjected to audits by the Agenția Națională de Administrare Fiscală ("ANAF") for value-added tax and corporate income tax for the periods January 2020 through January 2022 and January 2018 through January 2022, respectively, which were completed during the three months ended April 30, 2024. With regard to the value-added tax audit, an assessment has been issued; we disagree with this assessment and are in the process of appealing. We have not recorded any reserves related to this audit as of April 30, 2024 as it is not probable that a material loss has been incurred. For additional information regarding the corporate income tax audit, refer to Note 12, Income Taxes.

### 10. Stockholders' Equity

### Stock Repurchase Program

On September 1, 2023, our board of directors authorized a stock repurchase program, pursuant to which we may repurchase from time to time up to \$500.0 million of our outstanding shares of Class A common stock. Repurchases under the program may be effected through open market purchases, privatelynegotiated transactions, or otherwise in accordance with applicable federal securities laws, including through Rule 10b5-1 trading plans and under Rule 10b-18 of the Exchange Act. The timing and actual number of shares repurchased will depend on a variety of factors, including price, general business and market conditions, and alternate uses of capital. This authorization expires on March 1, 2025, subject to modification by the board of directors in the future.

During the three months ended April 30, 2024, we repurchased 0.9 million shares of our Class A common stock at an average price of \$ 23.46 per share (inclusive of brokerage commission).

### Charitable Donations of Class A Common Stock

We have reserved 2.8 million shares of our Class A common stock to fund our social impact and environmental, social, and governance initiatives. We contributed 0.3 million shares of our Class A common stock during the three months ended April 30, 2024 and 0.3 million shares of our Class A common stock during the three months ended April 30, 2023 to a donor-advised fund in connection with our Pledge 1% commitment. The aggregate fair values of the shares on the respective contribution dates of \$6.6 million and \$4.2 million were recorded within general and administrative expense in the condensed consolidated statements of operations for the three months ended April 30, 2024 and 2023, respectively.

### 11. Equity Incentive Plans and Stock-Based Compensation

### 2021 Stock Plan

In April 2021, prior to and in connection with our initial public offering ("IPO"), we adopted our 2021 Equity Incentive Plan (the "2021 Plan"), which provides for grants of incentive stock options, nonstatutory stock options, stock appreciation rights, RSAs, RSUs, PSUs, and other forms of awards. As of April 30, 2024, we have reserved 202.2 million shares of our Class A common stock to be issued under the 2021 Plan. The number of shares of our Class A common stock reserved for issuance under the 2021 Plan will automatically increase on February 1 of each year for a period of ten years, which began on February 1, 2022 and continues through February 1, 2031, in an amount equal to (1) 5% of the total number of shares of our common stock (both Class A and Class B) outstanding on the preceding January 31, or (2) a lesser number of shares determined by our board of directors no later than the February 1 increase.

### 2021 Employee Stock Purchase Plan

In April 2021, prior to and in connection with the IPO, we adopted our 2021 Employee Stock Purchase Plan (the "ESPP"). As of April 30, 2024, the ESPP authorizes the issuance of 27.2 million shares of our Class A common stock under purchase rights granted to our employees. The number of shares of our Class A common stock reserved for issuance will automatically increase on February 1 of each year for a period of ten years, which began on February 1, 2022 and continues through February 1, 2031, by the lesser of (1) 1% of the total number of shares of our common stock (both Class A and Class B) outstanding on the preceding January 31; and (2) 15.5 million shares, except before the date of any such increase, our board of directors may determine that such increase will be less than the amount set forth by (1) and (2) above. The ESPP allows participants to purchase shares at the lesser of (a) 85% of the fair market value of our Class A common stock as of the commencement of the offering period, and (b) 85% of the fair market value of our Class A common stock on the corresponding purchase date.

### Stock Options

Stock option activity during the three months ended April 30, 2024 was as follows:

	Stock Options (in thousands)	Weighted-Average Exercise Price		Weighted-Average Remaining Contractual Life (years)	A	ggregate Intrinsic Value (in thousands)

The fair value of RSUs released during the three months ended April 30, 2024 was \$ 87.4 million.

As of April 30, 2024, total unrecognized compensation expense related to unvested RSUs was approximately \$ 661.6 million, which is to be recognized over a weighted-average remaining period of 2.4 years.

### Employee Stock Purchase Plan Awards

As of April 30, 2024, total unrecognized compensation expense related to the ESPP was approximately \$ 0.9 million, which is to be recognized over a weighted-average remaining period of 0.1 years.

### Stock-Based Compensation Associated with Business Acquisition

At the closing of the acquisition of Re:infer LTD on July 29, 2022, we issued 0.4 million shares of Class A common stock (outside of the 2021 Plan) to be released to certain employee sellers in equal installments on the first, second, and third anniversaries of the closing date, subject to employment-related clawback provisions. As of

(unaudited)

April 30, 2024, total unrecognized compensation expense related to these shares was \$ 3.2 million, which is to be recognized over a weighted-average remaining period of 1.3 years.

### Stock-Based Compensation Expense

Stock-based compensation expense is classified in the condensed consolidated statements of operations as follows (in thousands):

### 12. Income Taxes

Our tax provision for interim periods is determined using an estimated annual effective tax rate, adjusted for discrete items arising in the applicable quarter. In each quarter, we update the estimated annual effective tax rate and make a year-to-date adjustment to the provision. The estimated annual effective tax rate is subject to significant volatility due to several factors, including our ability to accurately predict the proportion of our pretax income in multiple jurisdictions and certain book-tax differences.

We had a provision for income taxes of \$ 3.8 million, reflecting an effective tax rate of (15.1)%, and \$3.6 million, reflecting an effective tax rate of (12.8)%, for the three months ended April 30, 2024 and 2023, respectively. For the three months ended April 30, 2024 and 2023, our effective tax rate differed from the U.S. federal statutory rate primarily as a result of not recognizing deferred tax assets ("DTAs") for losses due to a full valuation allowance (as discussed below) and due to tax rate differences between the U.S. and foreign countries.

The realization of tax benefits of net DTAs is dependent upon future levels of taxable income of an appropriate character in the periods the items are expected to be deductible or taxable. Based on the available objective evidence during the three months ended April 30, 2024, we believe it is more likely than not that the tax benefits of DTAs associated with the U.S., Romania, and the U.K. will not be realized. Accordingly, we have recorded a full valuation allowance against U.S., Romania, and U.K. DTAs. We intend to maintain each of these full valuation allowances until sufficient positive evidence exists to support a reversal of, or decrease in, the valuation allowance.

As of April 30, 2024, we had gross unrecognized tax benefits totaling \$ 2.3 million related to income taxes, which would impact the effective tax rate if recognized. Of this amount, the total liability pertaining to uncertain tax positions was \$0.5 million, excluding interest and penalties, which are accounted for as a component of our income tax provision. Our tax positions are subject to income tax audits in multiple tax jurisdictions globally, with a currently open audit in India, and we believe that we have provided adequate reserves for our income tax uncertainties in all open tax years. Our Romanian subsidiary was subjected to a corporate income tax audit by ANAF for the period from January 2018 through January 2022, which was completed during the three months ended April 30, 2024. Certain deductions have been disallowed, resulting in a proposed reduction of net operating loss carryforwards of approximately \$66.7 million. We are in the process of appealing this disallowance. In addition, we have engaged in two bilateral transfer pricing negotiations for our transfer pricing model, one between the U.S. and Romania, and one between Japan and Romania. These negotiations are still underway and the authorities are in the process of determining the cost sharing allocations between the respective countries. At this time, we do not expect any significant changes in the next fiscal quarter based on the current positions undertaken by us.

In 2023, Romania adopted an alternative minimum tax that is applicable to all corporate taxpayers, including those reporting a net loss, for tax years commencing after January 1, 2024. As this tax is based on gross receipts,

(anadanoa)

associated expense is included in operating expenses in our condensed consolidated statements of operations, and is not accounted for as income taxes.

### 14. Subsequent Events

On May 3, 2024, we agreed to invest approximately \$ 35.2 million, split between cash investment for equity and purchase of convertible bonds, in an initial seed round in H.AI (the "H company"), a France-based global foundation model and agentic artificial intelligence ("AI") company.

### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our unaudited condensed consolidated financial statements and related notes included elsewhere in this Quarterly Report on Form 10-Q and our audited consolidated financial statements and the related notes and the discussion under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations" for the fiscal year ended January 31, 2024 included in our Annual Report on Form 10-K filed with the Securities and Exchange Commission ("SEC") on March 27, 2024 (the "2024 Form 10-K"). This discussion, particularly information with respect to our future results of operations or financial condition, business strategy and plans and objectives of management for future operations, includes forward-looking statements that involve risks and uncertainties as described under the heading "Special Note Regarding Forward-Looking Statements" in this Quarterly Report on Form 10-Q. You should review the disclosure under the heading "Risk Factors" in this Quarterly Report on Form 10-Q and under Part I, Item 1A, "Risk Factors," in the 2024 Form 10-K for discussion of important factors that could cause our actual results to differ materially from those anticipated in these forward-looking statements.

### Overview

First established in a Bucharest, Romania apartment in 2005, UiPath was incorporated in Delaware in 2015 as a company principally focused on building and managing automations and developing computer vision technology, which remains the foundation of our platform today. Since that time, we have evolved from our beginnings in robotic process automation ("RPA") into an end-to-end Al-powered Business Automation Platform through development and acquisitions, have launched new products, and have expanded our operations across the globe. Our vision is to enable automation across all knowledge work to accelerate human achievement.

The UiPath Business Automation Platform is The Foundation of Innovation™. We provide our customers with a robust set of capabilities that allow them to discover opportunities for automation, automate using a digital workforce that seamlessly collaborates with humans, and operate a mission critical automation program at scale. Our platform enables customers to integrate AI with automation, enabling automation to take action based on learning and experience. It enables employees to quickly build automations for both existing and new processes and to automate a vast array of actions including, but not limited to, logging into applications, extracting information from documents, moving folders, filling in forms, reading emails, and updating information fields and databases. The ability of our platform to replicate steps performed by humans in executing business processes drives operational efficiencies and enables companies to deliver on key digital initiatives with greater speed, agility, and accuracy.

Al-powered automation is here, and its momentum is continuing to grow as organizations around the world begin to understand the combined power of automation and Al to drive efficiency and business outcomes. We aspire to be the defining business automation platform, advancing the evolution of automation and Al as a way of working and a catalyst for continuous reinvention.

- Cash and cash equivalents, restricted cash, and marketable securities were \$1,936.9 million as of April 30, 2024, compared to \$1,880.3 million as of January 31, 2024.

### **Macroeconomic Environment**

As a corporation with a global presence, we are subject to risks and uncertainties caused by significant events with macroeconomic impacts, including, but not limited to, the impact of changes in geopolitical relationships, rising inflation and interest rates, monetary policy changes, and foreign currency fluctuations. Additionally, these macroeconomic impacts have generally disrupted the operations of our customers, prospective customers, and partners.

Internationally, we price our platform in currencies that may not be the functional currency. Accordingly, the heightened volatility of global markets has exposed us and will continue to expose us to foreign currency fluctuations, which may impact demand for our platform, our near-term results, the comparability of results to prior periods, and our ability to predict future results.

Further, cash, cash equivalents, and marketable securities represent a significant portion of our total assets, and the return on our cash, cash equivalents, and marketable securities is sensitive to changes in interest rates. Volatility in the interest rate environment may impact the amount of interest and other income reported on our condensed consolidated statements of operations, the comparability of these amounts to prior periods, and our ability to predict future profitability.

We continuously monitor the direct and indirect impacts of these circumstances on our business and financial results, as well as the overall global economy and geopolitical landscape.

### **Key Performance Metric**

We monitor annualized renewal run-rate ("ARR") to help us measure and evaluate the effectiveness of our operations.

ARR is the key performance metric we use in managing our business because it illustrates our ability to acquire new subscription customers and to maintain and expand our relationships with existing subscription customers. We define ARR as annualized invoiced amounts per solution SKU from subscription licenses and maintenance and support obligations assuming no increases or reductions in customers' subscriptions. ARR does not include the costs we may incur to obtain such subscription licenses or provide such maintenance and support, and does not reflect any actual or anticipated reductions in invoiced value due to contract non-renewals or service cancellations other than for certain reserves, for example those for credit losses or disputed amounts. At April 30, 2024 and 2023, our ARR was \$1,507.7 million and \$1,248.9 million, respectively, representing a growth rate of 21%. Approximately 16% of this growth was due to new customers and 84% to existing customers. Our dollar-based net retention rate, which represents the net expansion of ARR from existing customers over the preceding 12 months, was 118% and 122% as of April 30, 2024 and 2023, respectively. We calculate dollar-based net retention rate as of a period end by starting with the ARR from the cohort of all customers as of 12 months prior to such period end ("Prior Period ARR"). We then calculate the ARR from these same customers as of the current period end ("Current Period ARR"). Current Period ARR includes any expansion and is net of contraction or attrition over the last 12 months, but does not include ARR from new customers in the current period. We then divide the total Current Period ARR by the total Prior Period ARR to arrive at the point-in-time dollar-based net retention rate.

Our ARR may fluctuate as a result of a number of factors, including customers' satisfaction or dissatisfaction with our platform, pricing, competitive offerings, economic conditions, overall changes in our customers' spending levels, and our ability to successfully execute on our strategic goals. ARR should be viewed independently of revenue and deferred revenue as ARR is an operating metric and is not intended to be combined with or to replace these items. For clarity, we use annualized invoiced amounts per solution SKU rather than revenue calculated in accordance with U.S. GAAP to calculate our ARR. Our invoiced amounts are not matched to transfer of control of the performance obligations associated with the underlying subscription licenses and maintenance and support obligations. This can result in timing differences between our GAAP revenue and ARR calculations. Generally speaking, our ARR calculation simply takes our invoiced amounts per solution SKU under a subscription license or maintenance agreement and divides that amount by the invoice term and multiplies by 365 days to derive the annualized value. In contrast, for our revenue calculated in accordance with GAAP, subscription licenses revenue derived from the sale of term-based licenses hosted on-premises is recognized at the point in time when the customer is able to use and benefit from our software, which is generally upon delivery to the customer or upon the commencement of the renewal term, and maintenance, support, and SaaS revenue is recognized ratably over the term of the arrangement. ARR is not a forecast of future revenue. Unlike ARR, future revenue can be impacted by contract start and end dates and duration. The timing of recognition of ARR is determined by contract billing structure, whereas billing structure will neither accelerate nor delay recognition of future revenue. For example, in a

multi-year contract invoiced upfront, ARR is the annualized invoiced amount per solution SKU related to the final year of the contract assuming no reserve is applied, whereas revenue is determined by total contract value and timing of satisfaction of the underlying performance obligations. ARR does not include invoiced amounts associated with perpetual licenses or professional services. Investors should not place undue reliance on ARR as an indicator of our future or expected results. Moreover, our presentation of ARR may differ from similarly titled metrics presented by other companies and may not be comparable to such other metrics.

# Components of Results of Operations

### Revenue

We derive revenue from the sale of: (1) software licenses for use of our proprietary software and related maintenance and support; (2) the right to access certain software products we host (i.e., SaaS); and (3) professional services.

We have a unified commercial offering for software products with both on-premise and cloud deployment options that allows customers the choice of either deployment option throughout the term of the contract. These Flex Offerings are comprised of three types of performance obligations: term license, maintenance and support, and SaaS.

### Licenses

Our term licenses (typically sold as a portion of Flex Offerings) provide customers the right to use software for a specified period of time. Revenue for licenses is recognized at the point in time at which the customer is able to use and benefit from the software, which is generally upon delivery to the customer or upon commencement of the renewal term. As licenses revenue is recognized at a point in time, any shift in contract start dates and duration, for example due to lengthening sales cycles and increased deal scrutiny, will have a direct impact on our licenses revenue.

### Subscription Services

We generate subscription services revenue through the provision of: (1) maintenance and support services, which include technical support and unspecified updates and upgrades on a when-and-if-available basis for our licenses, and (2) SaaS products (typically sold as a portion of Flex Offerings). Maintenance and support and SaaS products represent stand-ready obligations for which revenue is recognized ratably over the term of the arrangements.

### Professional Services and Other

Professional services and other revenue consists of fees associated with professional services for process automation, customer education, and training services. Our professional services contracts are structured on a time and materials or fixed price basis, and the related revenue is recognized as the services are rendered.

### Cost of Revenue

#### Licenses

Cost of licenses revenue consists of all direct costs to deliver our licenses to customers, amortization of software development costs related to our licenses, and amortization of acquired developed technology.

### Subscription Services

Cost of subscription services revenue primarily consists of personnel-related expenses of our customer support and technical support teams, including salaries and bonuses, stock-based compensation expense, and employee benefit costs. Cost of subscription services revenue also includes third-party consulting services, hosting costs related to our SaaS products, amortization of acquired developed technology and capitalized software development costs related to SaaS products, depreciation, and allocated overhead. Overhead is allocated based on applicable headcount. We recognize these expenses as they are incurred. We expect cost of subscription services revenue to continue to increase in absolute dollars for the foreseeable future as our SaaS business grows. In the future, we expect further expansion of our cloud-based deployments. As sales of SaaS products become a larger percentage of our total revenue, we expect our gross margin to be impacted by increased hosting fees and cloud infrastructure costs.

#### Professional Services and Other

Cost of professional services and other revenue primarily consists of personnel-related expenses of our professional services team, including salaries and bonuses, stock-based compensation expense, and employee benefit costs. Cost of professional services and other revenue also includes expenses related to subcontracted third-party services, depreciation, and allocated overhead. We recognize these expenses as they are incurred. We expect cost of professional services and other revenue to increase in absolute dollars for the foreseeable future.

### Operating Expenses

Our operating expenses consist of sales and marketing, research and development, and general and administrative expenses. Personnel-related expenses are the most significant component of operating expenses and consist of salaries and bonuses, stock-based compensation expense, and employee benefit costs. Operating expenses also include allocated overhead.

### Sales and Marketing

Sales and marketing expenses consist primarily of personnel-related expenses associated with our sales and marketing teams and related sales support teams, including salaries and bonuses, stock-based compensation expense, and employee benefit costs. Sales and marketing expenses also include sales and partner commissions, marketing event costs, advertising costs, travel, trade shows, other marketing materials, and allocated overhead. We expect that over the longer term our sales and marketing expenses will decrease as a percentage of revenue, although this percentage may fluctuate from period to period due to timing and extent of expenses.

### Research and Development

Research and development expenses consist primarily of personnel-related expenses, including salaries and bonuses, stock-based compensation expense, and employee benefits costs, for our research and development employees, and allocated overhead. Research and development costs are expensed as incurred, with the exception of certain software development costs which are eligible for capitalization. We expect that our research and development expenses will increase in absolute dollars for the foreseeable future as we continue to invest in efforts to develop new technology and enhance the functionality and capabilities of our existing products and platform infrastructure. Our research and development expenses may fluctuate as a percentage of revenue from period to period due to the timing and extent of expenses.

### General and Administrative

General and administrative expenses consist primarily of personnel-related expenses, including salaries and bonuses, stock-based compensation expense, and employee benefits costs, associated with our finance, legal, human resources, compliance, and other administrative teams, as well as accounting and legal professional services fees, other corporate-related expenses, and allocated overhead. We expect that over the longer term our

### **Table of Contents**

general and administrative expenses will decrease as a percentage of revenue, although this percentage may fluctuate from period to period due to timing and extent of expenses.

### Interest Income

Interest income consists of interest earned on our cash and cash equivalents and marketable securities.

### Other Income, Net

Other income, net primarily consists of foreign exchange gains and losses. Other income, net also includes amortization of discounts and premiums on marketable securities.

### **Provision For Income Taxes**

Provision for income taxes consists of U.S. federal and state income taxes and income taxes in foreign jurisdictions in which we conduct business. We currently maintain a full valuation allowance on our U.S. federal and state, Romanian, and U.K. DTAs, as we have concluded that it is more likely than not that these DTAs will not be realized. Our effective tax rate is affected by tax rates in foreign jurisdictions and the relative amounts of income we earn in those jurisdictions, as well as by non-deductible expenses as permanent differences, and by changes in our valuation allowances.

### Comparison of the Three Months Ended April 30, 2024 and April 30, 2023

### Revenue

	Three Months Ended April 30,								
	 2024		2023	D23 Change		Change %			
	 (dollars in thousands)								
Licenses	\$ 140,128	\$	134,039	\$	6,089	5 %			
Subscription services	185,131		146,352		38,779	26 %			
Professional services and other	9,853		9,197		656	7 %			
Total revenue	\$ 335,112	\$	289,588	\$	45,524	16 %			

Total revenue increased by \$45.5 million, or 16%, for the three months ended April 30, 2024 compared to the three months ended April 30, 2023, primarily due to a \$38.8 million increase in subscription services revenue, related in part to the transition to our Flex Offerings, and a \$6.1 million increase in licenses revenue. As we continued to expand our sales efforts in the U.S. and internationally, our revenue increased across all regions. Of the growth in total revenue, 27% was attributable to new customers and 73% was attributable to existing customers. Of the growth in total revenue attributable to existing customers, \$8.0 million resulted from contract modifications wherein the revenue recognized originated from our existing balance of remaining performance obligations. Subscription services revenue is recognized ratably over the subscription term; therefore, the increase in subscription services revenue is driven by both sales in prior periods for which we continue to provide maintenance and support and SaaS, and by new sales in the current period.

### Cost of Revenue and Gross Margin

	Three Months Ended April 30,					
	 2024		2023		Change	Change %
		ds)				
Licenses	\$ 2,601	\$	2,547	\$	54	2 %
Subscription services	36,754		23,078		13,676	59 %
Professional services and other	15,970		18,042		(2,072)	(11) %
Total cost of revenue	\$ 55,325	\$	43,667	\$	11,658	27 %
Gross margin	 83 %		85 %	)		

Total cost of revenue increased by \$11.7 million, or 27%, for the three months ended April 30, 2024 compared to the three months ended April 30, 2023, primarily due to a \$13.7 million increase in cost of subscription services revenue, partially offset by a \$2.1 million decrease in cost of professional services revenue. The increase in cost of subscription services revenue was primarily driven by a \$6.4 million increase in personnel-related expenses, which included a \$4.4 million increase in salary-related and bonus expenses associated with both increased headcount and merit increases, a \$1.1 million increase in stock-based compensation expense, and a \$1.0 million increase in employee insurance costs and employer payroll taxes. Cost of subscription services revenue was also impacted by a \$4.8 million increase in hosting and software services costs as a result of increased usage and a \$2.3 million increase in costs associated with the use of third-party vendors. The decrease in cost of professional services and other revenue was primarily driven by a \$1.7 million decrease in personnel-related expenses, which included a \$1.2 million decrease in salary-related and bonus expenses and a \$0.2 million decrease in stock-based compensation expense. Cost of professional services and other revenue was also impacted by a \$0.3 million decrease in costs associated with the use of third-party subcontractors to deliver professional services to our customers.

Our gross margin decreased to 83% for the three months ended April 30, 2024 compared to 85% for the three months ended April 30, 2023 due to decrease in proportion of higher-margin licenses revenue and increase in cost of subscription services revenue driven by increased hosting costs.

### Operating Expenses

Sales and Marketing

	Three Months Ended April 30,						
	 2024		2023	-	Change	Change %

Sales and marketing	\$ 180,139	\$	160,406	\$	19,733	12 %	
Percentage of revenue	53 %	)	55 %				

Sales and marketing expense increased by \$19.7 million, or 12%, for the three months ended April 30, 2024 compared to the three months ended April 30, 2023. This increase was primarily attributable to a \$12.7 million increase in personnel-related expenses, which included a \$9.3 million increase in salary-related and bonus expenses as a result of both increased headcount and merit increases and a \$3.1 million increase in stock-based compensation expense. Sales and marketing expense was also impacted by a \$5.2 million increase in sales commission expenses as a result of higher amortization of capitalized contract acquisition costs and a \$2.8 million aggregate increase in marketing and travel-related expenses mainly related to marketing events. These increases were partially offset by a \$0.9 million decrease in depreciation and amortization and other administrative costs.

increase in personnel-related expenses, which included a \$4.4 million increase in stock-based compensation expense and a \$2.1 million increase in salary-related expenses associated with both increased headcount and merit increases, partially offset by a \$1.9 million decrease in bonus expense. Research and development expense was also impacted by a \$5.3 million increase in third-party software service and hosting costs as a result of increased usage.

### General and Administrative

		(dollars in	thousands)			
General and administrative	\$ 63,510 \$	56,584	\$ 6,926	12 %		
Percentage of revenue	19 %	20 %				

General and administrative expense increased by \$6.9 million, or 12%, for the three months ended April 30, 2024 compared to the three months ended April 30, 2023. This increase was primarily attributable to a \$4.6 million increase in software service expenses, a \$2.3 million increase in charitable donations mainly driven by the increased fair value of our Class A common shares to a donor-advised fund in the current year, and a \$2.0 million increase due to a credit loss recovery recorded in the prior comparable fiscal quarter. General and administrative expense was also impacted by a \$3.1 million decrease in personnel-related expenses, which included a \$4.7 million decrease in stock-based compensation expense, partially offset by a \$1.7 million increase in employee insurance costs.

Provision for income taxes and effective tax rate remained relatively constant for the three months ended April 30, 2024 compared to the three months ended April 30, 2023.

### **Liquidity and Capital Resources**

We have financed operations since our inception primarily through customer payments and net proceeds from sales of equity securities. Our principal uses of cash in recent periods have been to fund our operations, invest in capital expenditures, engage in various business acquisitions, and, more recently, repurchase shares of our Class A common stock. As of April 30, 2024, our principal sources of liquidity were cash, cash equivalents, and marketable securities totaling \$1,936.5 million, and we had an accumulated deficit of \$1,942.9 million. During the three months ended April 30, 2024, we reported a net loss of \$28.7 million and net cash provided by operating activities of \$100.0 million.

Our future capital requirements will depend on many factors, including our revenue growth rate, sales of our products and services, license renewal activity, the timing and the amount of cash received from customers, the expansion of sales and marketing activities, the timing and extent of spending to support development efforts, the introduction of new and enhanced products, the continuing market adoption of our products, expenses associated with international expansion, the timing and extent of capital expenditures to invest in existing and new office spaces, and the timing and extent of stock repurchases. We may in the future enter into arrangements to acquire or invest in complementary businesses, products, and technologies. We may be required to seek additional equity or debt financing. In the event that we require additional financing, we may not be able to raise such financing on terms acceptable to us or at all. If we are unable to raise additional capital or generate cash flows necessary to expand our operations and invest in continued innovation, we may not be able to compete successfully, which would harm our business, operations, and financial condition.

We believe that our existing cash and cash equivalents, marketable securities, and payments from customers will be sufficient to fund our anticipated cash requirements for the next twelve months and the long term.

### Credit Facility

On October 30, 2020 we entered into a \$200.0 million senior secured revolving credit facility with a maturity date of October 30, 2023 (as subsequently amended, the "Credit Facility") with HSBC Ventures USA Inc., Silicon Valley Bank, a division of First Citizens Bank & Trust Company (successor by purchase to the FDIC as receiver for Silicon Valley Bridge Bank, N.A. (as successor to Silicon Valley Bank)), Sumitomo Mitsui Banking Corporation, and Mizuho Bank, LTD (together, the "Lenders"). The Credit Facility contained certain customary covenants, including, but not limited to, those relating to additional indebtedness, liens, asset divestitures, and affiliate transactions.

We did not borrow under the Credit Facility at any time. In September 2023, we and the Lenders terminated the Credit Facility shortly prior to its original maturity date.

### Stock Repurchase Program

On September 1, 2023, our board of directors authorized a stock repurchase program, pursuant to which we may repurchase from time to time up to \$500.0 million of our outstanding shares of Class A common stock. Refer to Note 10, Stockholders' Equity—Stock Repurchase Program for further details.

### **Table of Contents**

### Operating Activities

Our largest source of operating cash is cash generation from sales to our customers. Our primary uses of cash from operating activities are for personnel-related expenses, direct costs to deliver licenses and provide subscription and professional services, and marketing expenses. Until recently, our operating cash flows have generally been negative and we have supplemented working capital requirements primarily through net proceeds from the sale of equity securities

Net cash provided by operating activities for the three months ended April 30, 2024 of \$100.0 million was driven by cash collections from our customers, which were approximately 12% higher than during the three months ended April 30, 2023. These cash inflows were partially offset by cash payments for operating expenditures, primarily associated with the compensation of our teams, including fiscal year 2024 annual bonuses paid in the first quarter of fiscal year 2025. Other cash operating expenditures included payments for professional services, software, and office rent.

Net cash provided by operating activities for the three months ended April 30, 2023 of \$67.3 million was driven by cash collections from our customers, partially offset by cash payments for operating expenditures, primarily associated with the compensation of our teams, including annual bonuses paid in the first quarter of fiscal year 2024. Other cash operating expenditures included payments related to our fiscal 2023 workforce restructuring, which was concluded during the second quarter of fiscal year 2024, and payments for professional services, software, and office rent.

### Investing Activities

Net cash provided by investing activities for the three months ended April 30, 2024 of \$35.8 million was primarily driven by \$360.1 million in maturities of marketable securities, partially offset by \$323.1 million in purchases of marketable securities.

Net cash used in investing activities for the three months ended April 30, 2023 of \$135.6 million was primarily driven by \$215.4 million in purchases of marketable securities and \$1.9 million in capital expenditures, partially offset by \$79.0 million in maturities of marketable securities.

### Financing Activities

Net cash used in financing activities for the three months ended April 30, 2024 of \$45.7 million was primarily driven by \$29.0 million in payments of tax withholdings on net settlement of equity awards and \$22.0 million in repurchases of Class A common stock under our stock repurchase program, partially offset by \$4.9 million in proceeds from ESPP contributions.

Net cash used in financing activities for the three months ended April 30, 2023 of \$20.6 million was driven by \$25.9 million in payments of tax withholdings on the net settlement of equity awards and \$0.6 million in net payments of tax withholdings on sell-to-cover equity award transactions, partially offset by \$4.7 million in proceeds from ESPP contributions and \$1.2 million in proceeds from the exercise of stock options.

### **Material Cash Requirements**

Our material cash requirements predominantly relate to working capital requirements, including employee compensation and payment of employee tax withholdings on net settlement of equity awards, and material contractual obligations, including leases and purchase commitments.

As of April 30, 2024, accrued compensation and benefits of \$40.7 million are included in current liabilities on our condensed consolidated balance sheet. Refer to Note 8, Consolidated Balance Sheet Components—Accrued Expenses and Other Current Liabilities for details of additional short-term payroll-related obligations included in accrued expenses and other current liabilities.

Refer to Note 7, Operating Leases for more detailed information regarding timing of future lease payments, and Note 9, Commitments and Contingencies—Non-Cancelable Purchase Obligations for more detailed information regarding timing of purchase commitments. There were no significant changes during the three months ended

April 30, 2024 from the contractual obligations disclosed in the section titled "Management's Discussion and Analysis of Financial Condition and Results of Operations," set forth in the 2024 Form 10-K.

Our stock repurchase program may also represent a material use of cash depending upon the number of shares repurchased, which is ultimately discretionary. Refer to Note 10, Stockholders' Equity—Stock Repurchase Program for further details.

### **Critical Accounting Estimates**

There have been no material changes to our critical accounting estimates as compared to those disclosed in the 2024 Form 10-K.

### **Recent Accounting Pronouncements**

See Note 2, Summary of Significant Accounting Policies—Recently Issued Accounting Pronouncements, included in Part I, Item 1 of this Quarterly Report on Form 10-Q for more information.

### Item 3. Quantitative and Qualitative Disclosures About Market Risk.

We are exposed to market risk in the ordinary course of our business. Market risk represents the risk of loss that may impact our financial position due to adverse changes in financial market prices and rates. Our market risk exposure is principally the result of fluctuations in interest rates and foreign currency exchange rates.

### Interest Rate Risk

As of April 30, 2024, we had \$1,146.6 million of cash and cash equivalents. Cash and cash equivalents consist of cash in banks, bank deposits, and money market accounts. In addition, we had \$789.9 million of marketable securities, consisting of treasury bills and U.S. government securities, agency bonds, corporate bonds, and commercial paper. Such interest-earning instruments carry a degree of interest rate risk. The primary objectives of our investment activities are the preservation of capital, the fulfillment of liquidity needs, and the fiduciary control of cash. We do not enter into investments for trading or speculative purposes. The effect of a hypothetical 10% change in interest rates would not have had a material impact on our condensed consolidated financial statements for the three months ended April 30, 2024.

### Foreign Currency Exchange Risk

The functional currency of our non-U.S. subsidiaries is the local currency. Asset and liability balances denominated in non-U.S. dollar currencies are translated into U.S. dollars using period-end exchange rates, while translation of revenue and expenses is based on average monthly rates. Translation adjustments are recorded as a component of accumulated other comprehensive income (loss), and transaction gains and losses are recorded in other income (expense), net on our condensed consolidated financial statements. We have from time to time used foreign currency forward contracts to reduce our potential exposure to currency fluctuations. If we are not able to successfully mitigate the risks associated with currency fluctuations, our results of operations could be adversely affected. The estimated translation impact to our condensed consolidated financial statements of a hypothetical 10% change in foreign currency exchange rates would amount to \$28.1 million for the three months ended April 30, 2024. For the three months ended April 30, 2024, approximately 55% of our revenues and approximately 35% of our expenses were denominated in non-U.S. dollar currencies, and we recognized net foreign currency transaction gains of \$2.8 million.

### Item 4. Controls and Procedures.

### **Evaluation of Disclosure Controls and Procedures**

Our disclosure controls and procedures are designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms. In addition, they are designed to ensure that such information is accumulated and communicated to our management, including our Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO") as appropriate to allow timely decisions regarding required disclosure.

Pursuant to in Rules 13(a)-13(e) and 15(d)-15(e) under the Exchange Act, our management, with the participation of our CEO and CFO, performed an evaluation of the effectiveness of our disclosure controls and procedures as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on such evaluation.

### **Table of Contents**

our CEO and CFO concluded that our disclosure controls and procedures were effective at a reasonable assurance level as of April 30, 2024.

### Changes in Internal Control Over Financial Reporting

During the three months ended April 30, 2024, no change in internal control over financial reporting was identified in connection with the evaluation required by Rule 13a-15(d) and Rule 15d-15(d) of the Exchange Act that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

### Limitations on Effectiveness of Controls and Procedures

Our management, including our CEO and CFO, believes that our disclosure controls and procedures and internal control over financial reporting are designed to provide reasonable assurance of achieving their objectives and are effective at a reasonable assurance level. However, any control system, no matter how well designed and operated, can only provide reasonable, not absolute, assurance that its objectives will be met. There are inherent limitations to the effectiveness of any system of disclosure controls and procedures and internal control over financial reporting, including resource constraints, errors in judgment, and the possibility that controls and procedures will be circumvented by collusion, by management override, or by mistake. Additionally, the design of any control system is based in part on management assumptions about the likelihood of future events, and there can be no assurance that the system will succeed in achieving its objectives under all potential future scenarios. As a result of these limitations, our management does not expect that our disclosure controls and procedures and internal control over financial reporting will prevent all potential errors or fraud or detect all potential misstatements due to error or fraud.

## PART II—OTHER INFORMATION

## Item 1. Legal Proceedings.

Refer to Note 9, Commitments and Contingencies—Litigation, to the condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for a description of current legal proceedings.

## Item 1A. Risk Factors.

Our operations and financial results are subject to various risks and uncertainties, some of which are beyond our control. In addition to the other information set forth in this Quarterly Report on Form 10-Q, you should carefully consider the risks discussed in the 2024 Form 10-K, including the disclosure under Part I, Item 1A, "Risk Factors," which are risks we believe could materially affect our business, financial condition and future results. These are not the only risks we face. Other risks and uncertainties we are not currently aware of or that we currently consider immaterial also may materially adversely affect our business, financial condition and future results. Risks we have identified but currently consider immaterial could still materially adversely affect our business, financial condition, and future results if our assumptions about those risks are incorrect or if circumstances change.

There have been no material changes to the risk factors previously disclosed in Part I, Item 1A of the 2024 Form 10-K except as follows:

We are subject to numerous risks associated with the evolving market for products with Al capabilities.

The markets and use cases for products with AI capabilities have been rapidly evolving, are difficult to predict, and may impact demand for our products, our sales cycles, and the preferences of our customers and potential customers. The significant investments we have made to develop products and software to address what we believe will be increasing demand for AI capabilities may be insufficient, and we face significant hurdles, including whether demand will materialize, whether third-party software providers will develop functionality that allows their software to utilize the AI capabilities of our products, and whether we will be successful in developing products that can compete with offerings by established competitors.

We have invested in an early-stage global foundation model and agentic Al company and we may continue to invest in other potentially disruptive technologies in the future, through various vehicles such as equity or debt investments, joint ventures, or strategic partnerships. Such investments may not produce the expected results, may require more financial resources than anticipated, or may otherwise be unsuccessful, and the value of the investments may decline or our business may be adversely impacted.

Additionally, our use of AI technology in general may subject us to reputational, financial, legal, or regulatory risks. As we continue to incorporate AI technology into our products and services, any failures to address concerns relating to the responsible use of the evolving AI technology in our products and services may cause harm to our reputation or result in financial liability, and as such, may increase our costs to address or mitigate such risks and issues. AI technology may create ethical issues, generate defective algorithms, and present other risks that create challenges with respect to its adoption. In addition, evolving rules, regulations, and industry standards governing AI may require us to expend significant resources to modify, maintain, or align our business practices or products to comply with U.S. and non-U.S. rules and regulations, the nature of which cannot be determined at this time. Several jurisdictions around the globe, including the EU and certain U.S. states, have already proposed or enacted laws governing AI. U.S. federal agencies are likely to release AI regulations in the near future in light of the Biden administration's October 30, 2023 Executive Order on AI.

The regulatory environment surrounding the impact of the implementation of AI on our products and services may adversely affect our ability to produce and export products, and as a result, may cause harm to our reputation and result in financial liability.

Delays or difficulties associated with the design, implementation, or post-implementation use of our new enterprise resource planning ("ERP") system could adversely impact our business, financial condition, and results of operations.

We rely on information systems, particularly ERP technology, to manage our business, summarize our operating and financial results, and provide timely information to our management. We are currently engaged in a multi-year implementation of a new ERP system. This implementation is a complex project with broad scope, in

which we have invested and will continue to invest significant financial and human capital. Despite our efforts, we may experience delays, unexpected costs, or other difficulties as the implementation process continues. Further, although we plan to run our existing technology in parallel with the new ERP system for a period of time and to conduct extensive testing to ensure that the new ERP system is operating as intended, post-implementation disruptions to or difficulties in use of the new ERP could require us to incur additional costs, or could impair, among other things, our ability to record sales, process transactions, collect receivables, and produce timely and accurate historical and forecasted financial information, which could adversely impact our business, financial condition, and results of operations. Additionally, if the new ERP system does not ultimately operate as intended, the effectiveness of our internal control over financial reporting could be harmed.

# Item 5. Other Information.

None.

<sup>(2)</sup> On September 1, 2023, our board of directors authorized a stock repurchase program, pursuant to which we may repurchase from time to time up to \$500.0 million of our outstanding shares of Class A common stock. Repurchases under the program may be effected through open market purchases, privately-negotiated transactions, or otherwise in accordance with applicable federal securities laws, including through Rule 10b5-1 trading plans and under Rule 10b-18 of the Exchange Act. The timing and actual number of shares repurchased will depend on a variety of factors, including price, general business and market conditions, and alternate uses of capital. This authorization expires on March 1, 2025, subject to modification by the board of directors in the future.

## **UIPATH ADVISORY AGREEMENT**

This Advisory Agreement ("Agreement") between UiPath, Inc. ("UiPath" or "Company") and Robert Enslin ("Senior Advisor") is entered into as of the date the last Party signs this Agreement. UiPath and Senior Advisor are each a "Party" and collectively the "Parties" to this Agreement.

## SECTION 1. DEFINITIONS

- 1. "Affiliate" means any entity that directly or indirectly Controls, is Controlled by, or is under common Control with a Party, where Control" means control of greater than 50% of the voting rights or equity interests of a Party.
- 2. "Confidential Information" (a) means non-public information disclosed by a Party (Discloser") to the other Party ("Recipient") in connection with this Agreement, whether before or after the Effective Date, whether disclosed directly or indirectly, orally, in documentary form, by demonstration or otherwise, that is marked confidential or would reasonably be considered confidential under the circumstances, including information relating to Discloser's past, present and future research, development, business activities, products, software, services, technical knowledge (including, but not limited to, data, reports, processes, financial information and projections, customer and supplier lists, business/marketing plans and strategies, services improvements, projects, proposals, tools, software, technology, trade secrets, designs, techniques, discoveries, practice methodologies and technologies, personnel information, computer readable media, etc.); and (b) excludes any information that (i) is or becomes public, through no fault of Recipient; (ii) was rightfully acquired by or already known to Recipient without an existing confidentiality obligation; or (iii) is independently developed by Recipient without the use of Discloser's Confidential Information.
- 3. "Effective Date" is June 17, 2024.
- 4. "Compensation" shall mean the monetary fees received by Senior Advisor from UiPath for the Services provided under this Agreement.
- 5. "Intellectual Property Rights" means all current and future intellectual property rights including copyright and related rights, trademarks, designs, patents, rights to patent, rights to inventions, databases, trade secrets, trade names and domain names, Confidential Information, know-how, look and feel, trade dress and any other intellectual property rights or rights of a similar nature, including any application or right to apply for registration of any such rights and rights to apply for and be granted renewals or extensions of such rights, as well as the rights to claim priority therefrom, and all similar or equivalent rights or forms of protection which subsist or will subsist now or in the future in any part of the world and whether registered or unregistered.
- 6. "Services" means any services provided by Senior Advisor to UiPath, as mutually agreed by the Parties from time to time.
- 7. "Term" means from the Effective Date through and including September 27, 2024 and any extension in accordance with Section 2.1 of this Agreement.
- 8. "UiPath Data" means all data or information of UiPath or any of its Affiliates, accessed by Senior Advisor under this Agreement, which may include UiPath's Confidential Information, as defined herein.
- 9. "UiPath Trademarks" means any UiPath and/or UiPath Affiliate trademarks, tradenames, service marks, symbols, logos, brand names and other proprietary indicia of any UiPath and/or UiPath Affiliate under common law, state law, federal law and laws of foreign countries, as the case may be.

## **SECTION 2. TERM AND TERMINATION**

- 2.1. Term. The Term of this Agreement may be extended only by way of a written agreement between the Parties.
- 2.2. Termination for convenience. UiPath or the Senior Advisor, each in its sole discretion, may terminate this Agreement, in part or entirely for convenience, at any time, by giving a 30 (thirty) days prior written notice to the other Party and without any further liability, other than the obligation of the Company to the Senior Advisor for (i) reimbursement of expenses incurred prior to termination and (ii) any then-unpaid portion of the cash compensation described in Section 3.1 for the period through the date of termination, which shall be paid to Senior Advisor in a lump sum on the date of termination.
- 2.3. Effect of Termination. In the event of a termination of this Agreement, at the request and as specified by UiPath, Senior Advisor shall return to UiPath all UiPath Data, materials, tools, computer programs, equipment furnished by UiPath and Confidential Information in its possession or control and delete any records or copies thereof.

## SECTION 3. COMPENSATION, PAYMENT AND INVOICES

- 3.1. Compensation. As consideration for the services to be provided by Senior Advisor pursuant to the Agreement, Senior Advisor will be paid \$7,500 per week, paid in biweekly installments.
- 3.2. Expenses. UiPath shall pay Senior Advisor for expenditures authorized in the relevant authorization but not in excess of the amount so authorized. In addition, UiPath shall reimburse Senior Advisor for reasonable and necessary internal out-of-pocket expenses incurred by Senior Advisor (without mark-up) in the performance of Services that have been pre-approved by UiPath in writing. All approved travel expenses must be in compliance with the UiPath Travel Guidelines, which may be amended by UiPath from time to time upon prior notice from UiPath to Senior Advisor. UiPath also shall reimburse the Senior Advisor for his legal expenses in negotiating and entering into this Agreement. Senior Advisor shall not be entitled to reimbursement for any other expenses.

#### SECTION 4. CONFIDENTIALITY, PRIVACY AND CYBERSECURITY

- **4.1. Confidential Information.** Senior Advisor will use UiPath's Confidential Information only as necessary to perform its obligations under this Agreement and will only disclose UiPath's Confidential Information to its Affiliates, its and its Affiliate's employees, contractors or agents who need to know the Confidential Information and have agreed in writing to confidentiality obligations at least as protective as this Agreement ("**Authorized Persons**").
- 4.2. Permitted disclosure. If Senior Advisor receives a court order or is otherwise required by law to disclose any Confidential Information, Senior Advisor will notify UiPath immediately upon receipt of such request so that UiPath has time to object and move for a protective order. Senior Advisor will file any Confidential Information under seal or request that the court or administrative body seal the Confidential Information prior to Senior Advisor's disclosure. Notwithstanding anything to the contrary in this Agreement or otherwise, nothing shall limit Senior Advisor's rights under applicable law to provide truthful information to any governmental entity or to file a charge with or participate in an investigation conducted by any governmental entity. This Agreement shall not be read as requiring Senior Advisor to waive any right Senior Advisor may have to receive an award for information provided to any governmental entity. Senior Advisor is hereby notified that the immunity provisions in Section 1833 of title 18 of the United States Code provide that an individual cannot be held criminally or civilly liable under any federal or state trade secret law for any disclosure of a trade secret that is made (1) in confidence to federal, state or local government officials, either directly or indirectly, or to an attorney, and is solely for the purpose of reporting or investigating a suspected violation of the law, (2) under seal in a complaint or other document filed in a lawsuit or other proceeding, or (3) to Senior Advisor's attorney in connection with a lawsuit for retaliation for reporting a suspected violation of law (and the trade secret may be used in the court proceedings for such lawsuit) as long as any document containing the trade secret is filed under seal and the trade secret is not disclosed except pursuant to court order.
- **4.3. Destruction.** Senior Advisor will destroy all materials containing Confidential Information upon request of UiPath and will certify to the Discloser that all Confidential Information has been destroyed. Any Confidential Information retained post termination will not relieve Recipient of any obligation of confidentiality or non-use.

## SECTION 5. INTELLECTUAL PROPERTY

**5.1. Ownership**. For the avoidance of any doubt, UiPath retains all rights to materials or information, including UiPath Data, UiPath Trademarks and all Intellectual Property Rights related to any of the foregoing, provided to Senior Advisor in the performance of this Agreement. Nothing in this Agreement shall be construed to grant Senior Advisor any license or other right in regard to the materials or information, including UiPath Data, UiPath Trademarks and all Intellectual Property Rights related to any of the foregoing. Senior Advisor shall not store or transfer for storage any UiPath Data without UiPath's prior written consent. Senior Advisor has no Intellectual Property Rights or other claim to the UiPath Data and will cooperate with UiPath to protect UiPath's Intellectual Property Rights and UiPath Data.

#### SECTION 6 REPRESENTATIONS AND WARRANTIES

**6.1. Warranties.** Senior Advisor represents and warrants to UiPath that: (a) it will act as specified in this Agreement, (b) it will perform all duties and responsibilities under this Agreement in a professional and competitive manner, (c) it will adopt the guidelines and policies of UiPath in relation to the responsibilities described in this Agreement, (d) it will perform any other tasks related to the scope of this Agreement as agreed with UiPath in writing, (e) its execution, delivery and performance of this Agreement will not violate any agreement to which it is a party or any of its properties or assets are bound or violate any applicable law, regulation or governmental order, including all UiPath internal policies and guidelines, and (f) it will comply with all applicable statutes, rules, regulations and orders of the United States.

## SECTION 7. INDEMNITY AND LIABILITY

7.2. Limitation of liability. Neither Party will be liable to the other Party for any special, indirect, moral, consequential, incidental, punitive, or exemplary damages.

#### SECTION 8. SERVICES

8.1. Capacity and duties. Duties may include, but are not limited to, providing advisory services to UiPath, as reasonably and mutually agreed between UiPath and Senior Advisor.

## SECTION 9. MISCELLANEOUS

- **9.1. Conflict of Interest.** Senior Advisor represents that it is under no contractual or other restrictions or obligations which are inconsistent with the execution of this Agreement, or which will interfere with or impede the proper performance of this Agreement.
- 9.2. Relation. Senior Advisor is an independent contractor and is not an agent or employee of UiPath. Senior Advisor has no authority to bind UiPath by contract or otherwise.
- 9.3. Severability. Survival. Waiver. If any provisions of this Agreement are invalidated by a court of competent jurisdiction, they will be severed, and the rest of the Agreement will remain in full force and effect.
- **9.4. Governing Law. Venue.** This Agreement is governed by the laws of the state of New York (expressly excluding conflict of laws). For any dispute arising out of or relating to this Agreement, if the Parties do not reach a settlement within sixty (60) calendar days, the Parties consent to personal jurisdiction in and the exclusive venue of the federal courts of New York, New York County, State of New York, United States of America.
- 9.5. Jury waiver clause. The Parties hereby irrevocably waive, to the fullest extent they may effectively do so, the defense of an inconvenient forum to the maintenance of such action or proceeding. TO THE FULLEST EXTENT PERMITTED BY LAW, EACH OF THE PARTIES WAIVES KNOWINGLY, VOLUNTARILY, IRREVOCABLY AND INTENTIONALLY ANY RIGHT IT MAY HAVE TO A JURY TRIAL IN RESPECT OF LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR ANY SUBSEQUENT AMENDMENTS, RENEWALS, SUPPLEMENTS, OR MODIFICATIONS TO THIS AGREEMENT.
- **9.6. Anti-corruption.** Neither party has received or been offered any illegal or improper bribe, kickback, payment, gift, or thing of value from an employee or agent of the other party in connection with this Agreement. Reasonable gifts and entertainment provided in the ordinary course of business do not violate the above restriction. Senior Advisor hereby warrants that, while performing Services for UiPath it will strictly abide by UiPath's policies and procedures on Anti-Bribery, and applicable laws.
- 9.7. Code of Conduct. Senior Advisor understands this Agreement is subject to the UiPath Global Partner Code.
- 9.8 Section 409A. It is intended that the provisions of this Agreement comply with Section 409A of the Code and the treasury regulations promulgated thereunder ("Section 409A"), and all provisions of this Agreement shall be construed and interpreted in a manner consistent with the requirements for avoiding taxes and penalties under Section 409A. Each amount payable under this Agreement shall be treated as a separate payment for purposes of Section 409A. Except as specifically permitted by Section 409A or as otherwise specifically set forth in this Agreement, the reimbursements provided to Senior Advisor under this Agreement during any calendar year shall not affect the reimbursements to be provided to Senior Advisor under the relevant section of this Agreement in any other calendar year, and the right to such reimbursements cannot be liquidated or exchanged for any other benefit and shall be provided in accordance with Treas. Reg. Section 1.409A-3(i)(1)(iv) or any successor thereto. Further, in the case of reimbursement payments, reimbursement payments shall be made to Senior Advisor as soon as practicable following

the date that the applicable expense is incurred	but in no event later than the	last day of the calendar	year following the calendar	year in which the un	derlying expense is
incurred.
